NOTE: On 12/6/76, Michael Shaheen, Counsel, Office of Professional Responsibility (OPR) of the Department, who is heading the review of our King investigation, advised Mr. Ingram that the Task Force desires to review several serials documenting Levison's connections with the Communist Party - USA and with King.

b(1)

• [S]

The Task Force has not been given access to informant files except in several instances where certain informant files were deemed directly related to the King investigation. It is believed the serials described above are relative to the King case and Task Force access and delivery are within OPR mandate as ordered by the Attorney General.

The original documents desired by the Task Force were not hand-written by the informants. They are communications which contain information already reported in the Levison file. Therefore, the Task Force is not actually examining anything they have not already seen thus far in their review.

This matter was coordinated on 12/6/76 by Mr. Ingram with Mr. Adams and Mr. Leavitt. SA [REDACTED] of the New York Office telephonically provided description of serials desired by the Task Force. Task Force leader has advised his group does not want to travel to Chicago to review serial and request it be forwarded to FBIHQ.

The AG has authorized total access to all files pertaining to King's assassination and intelligence files relating to our investigation of King and the Southern Christian Leadership Conference (SCLC).

Present Request - Task Force personnel have now requested to review certain OC files maintained in our Special File Room. Recently, Task Force personnel examined a numerical and alphabetical index of OC files and selected 14 files they believe are or could be relevant to their review. Although most OC files desired do not relate directly to King, the Task Force feels it should see OC files regarding Bureau policies on technical surveillance, authority to conduct security-type investigations and documents bearing on relationship between the Bureau and the AG.

b 7(c)  
Files Requested - The following OC files requested by the OPR Task Force were reviewed by SAs [REDACTED] and [REDACTED] of the GID, for sensitivity and other factors which could necessitate efforts to deny review by the Task Force. A brief description of contents of each file is set forth below.

#24 - "Martin Luther King" - documents and personal papers left behind in the office of former Assistant Director William C. Sullivan. File contains tickler copies of many communications relating to the King investigation which are available to OPR in its review of the King security case.

#30 - "Attorney General, (Submission of Memoranda by FBI)" - correspondence between Director and AG regarding supervision of FBI by the AG and a 1926 document of former Attorney General Harlan Stone regarding organization of the Department of Justice. No mention of King involved.

[REDACTED]

b(1)

ES

Memorandum Deegan to Gallagher  
Re: Martin Luther King, Jr.

#60 - "Directives" - contains documents of Director, AG and various presidents regarding authority of FBI to conduct security and intelligence investigations. No mention of King.

#70 - "Foreign Influence in the Black Extremist Movement" - contains one memorandum and a monograph on foreign influence (1969). No mention of King.

[REDACTED]

(S) b(1)

#92 - "Johnson, President Lyndon B." - file contains many documents regarding White House initiated inquiries regarding various individuals in the Kennedy Administration and other prominent individuals. No reference to King.

#100 - "King, Martin Luther, Jr." - contains several documents regarding authorization of technical surveillance of King.

#114 - "Microphone Surveillances" - briefing book concerning administrative handling of authorization of microphone surveillances from 1950 forward. File also has the results of extensive review in 1966 to determine how many microphone surveillances of the Bureau were approved by former AG Katzenbach. This document contains write-ups on three King microphone surveillances about which Katzenbach was advised (this information seen by OPR in connection with King reviews).

#129 - "Possible Testimony, U.S. Senate Committee on the Judiciary Subcommittee on Administrative Practice and Procedure, Sen. E.V. Long" - file contains 1965-66 Director testimony before this committee and deals with wiretapping and microphone surveillance. Contains list of all wiretappings in force during these years. King mentioned in one exhibit as being subject of a wiretap.

#135 - "Riots - Summer of 1964" - this 2-volume file contains numerous memoranda from the field analyzing riots throughout the U.S. during 1964. Material was apparently furnished to Thomas E. Dewey who had been appointed by President to serve on a committee to make recommendations on riot prevention. Because of its nonsensitive nature, these files were not reviewed for mention of King.

Memorandum Deegan to Gallagher  
Re: Martin Luther King, Jr.

[REDACTED] b(1)

#163 - "Wiretapping - Presidential Authority" - file contains White House memorandum to AG dated 5/21/40 and other memoranda regarding microphone surveillance authorization.

#164 - "Wiretapping, Use of in FBI" - file contains 1955 briefing book for Director concerning authority of FBI to wiretap and to investigate other wiretapping. No mention of King.

[REDACTED] b(1)  
Observations - In light of access to our files authorized by the AG, the OC files do not contain material too sensitive for review by OPR. It is further noted that, with respect to targets of technical surveillance, which are contained in a number of files, the Department already has access to such information. Therefore, subject to cited excision and restriction, it is recommended access to the above described OC files should be allowed.

ADDENDUM, LEGAL COUNSEL DIVISION, JCF:mtm, 11/17/76:

There appears to be no legal problem involved in making the listed OC files described in this memorandum available to personnel of the Office of Professional Responsibility Task Force, and Legal Counsel Division concurs with our efforts to cooperate with this Task Force. However, we question the need to make available to this Task Force those OC files from which a review of has determined they have no reference to Martin Luther King, Jr.

REPRESENTATIVES OF OPR TRAVELED TO LOS ANGELES AND SAN FRANCISCO IN JULY, 1976, AND REVIEWED KING SECURITY AND ASSASSINATION FILES. THE ABOVE NAMED ANALYSTS DESIRE TO REVIEW REMAINING KING RELATED FILES OF LOS ANGELES AND SAN FRANCISCO, NAMELY "COMMUNIST INFILTRATION OF SOUTHERN CHRISTIAN LEADERSHIP CONFERENCE," "CPUSA - NEGRO QUESTION" AND "COMMUNIST INFLUENCE IN RACIAL MATTERS."

BYRNE AND COVERT PLAN TO ARRIVE IN LOS ANGELES AT APPROXIMATELY 11:00 A.M. ON DECEMBER 7, 1976, TO REVIEW THESE FILES. BECAUSE OF OPR EFFORTS TO CONCLUDE THEIR REVIEW BEFORE THE END OF THE YEAR, THEIR SCHEDULE WILL NOT ALLOW TIME FOR TRAVEL TO SAN FRANCISCO.

IN LIEU OF REPRODUCING ABOVE FILES AND FORWARDING TO FBIHQ SAN FRANCISCO IS AUTHORIZED TO TRANSPORT THESE FILES BY COURIER UNDER SECURE CONDITIONS, TO LOS ANGELES FOR OPR REVIEW. THESE FILES, INCLUDING JUNE SECTIONS, SHOULD REACH LOS ANGELES BY DECEMBER 7, 1976. SPECIFIC FILES INVOLVED ARE "COMMUNIST

NOTE: Other than travel to the New York Office on 12/6-10/76, the above should conclude travel of OPR personnel to review field office files. New York has been advised of OPR travel plans.

b7(c) Arrangements have been telephonically confirmed with SA [REDACTED] of the San Francisco Office to transport files to Los Angeles. This is more economical and feasible for San Francisco than Xeroxing these files and mailing to FBIHQ. There are involved approximately 32 volumes, 5,400 serials in the Los Angeles Office and 13 volumes, 1700 serials in San Francisco. This matter has been coordinated with Records Management Division.

Recipients have been telephonically furnished contents of this teletype. Task Force personnel have been advised addresses of offices and appropriate FBI personnel to contact.

We are currently researching the question of trespass regarding our electronic surveillances on King in which Bernard S. Lee was overheard. To date we have determined that trespass was involved in the microphone surveillances listed below:

Willard Hotel, Washington, D.C., January 5-7  
1964, (see Exhibit A)

Park Sheraton Hotel, New York City, January 8-11,  
1965, (see Exhibit H, page 2)

Our file review concerning dissemination of information relating to overhears of Bernard S. Lee is continuing and we will advise you when our review is completed.

NOTE: Civil Action No. 76-1186 filed on 6/25/76, is entitled, "SCLC v. Clarence M. Kelley, et al." (hereinafter SCLC suit), Civil Action No. 76-1185 filed on 6/25/76, is entitled, "Bernard S. Lee v. Clarence M. Kelley, et al." (hereinafter Lee suit). The SCLC suit seeks five million dollars from Mr. Kelley; Mr. DeLoach; Mr. William C. Sullivan; Mr. John P. Mohr, executor of the estate of Clyde Tolson, deceased; and ten unknown FBI Agents. The Lee suit seeks one million dollars from the same named defendants and from two unknown FBI Agents. Both suits seek to compel the FBI to furnish the courts with all tape recordings, transcripts and memos resulting from tapes of plaintiff's conversations.

An amended complaint was filed on 9/29/76, in both civil actions to address certain issues raised in the defendants' motion to dismiss, filed 9/27/76.

A conference was held in the office of the Departmental Attorney, Benjamin C. Flannagan attended by SA P. Grant Harmon of the Legal Counsel Division, and SA Paul E. Nugent, of the General Investigative Division, Domestic Security Section. Also present were Mr. Flannagan, Henry Davis, and John Smith of the Department. Mr. Flannagan was informed that the results of our review of files would be furnished to him in the near future.

The attached memorandum and exhibits provide Flannagan with his requested summary of elsur of Martin Luther King, Jr. by the FBI with special attention being directed to overhears of Bernard S. Lee. The memorandum also deals with questions of the mysterious "tape" which was allegedly mailed to Mrs. King. The exhibits being furnished to the Department of Justice are identical to those attached to the yellow file copy of the memo. A third copy of the exhibits is attached to the tickler copy for Mr. P. E. Nugent who was directing the file review. No further copies have been made in order to minimize the duplication of this sensitive material.

The original complaint in this matter alleges that plaintiff and a number of other persons, in the spring of 1963, met in a private room rented by the late Dr. Martin Luther King, Jr., in the Willard Hotel, Washington, D. C., for the purpose of assembling to petition their Government for redress of the civil rights of minorities. It further alleges this session was bugged and tape recorded by the defendants, or some of them, and that a copy of said tape was mailed anonymously to Mrs. Martin Luther King, Jr., about November 1, 1964, thereby disclosing the contents of this tape recording.

FILE REVIEW

A review of logical files of this Bureau, including records of our Washington Field Office and Atlanta Field Office, reveals no information concerning an alleged bugging of the Willard Hotel, in the spring of 1963, as alleged in plaintiff's complaint. Federal Bureau of Investigation Headquarters (FBIHQ) files, as well as those of the New York and Atlanta Field Offices, indicate that the Southern Christian Leadership Conference (SCLC) itself was never the subject of microphone surveillance coverage at any time. Logical records at FBIHQ and the New York and Atlanta Field Offices fail to indicate plaintiff Bernard S. Lee was ever the subject of an active FBI investigation or that he was ever the primary subject of either telephone or microphone surveillance coverage.

ALLEGED MAILING OF TAPE RECORDING TO MRS. KING

(1) File Review

Exhaustive reviews of logical FBIIC files in connection with this suit and prior inquiries concerning the King investigation by the Senate Select Committee To Study Governmental Operations With Respect To Intelligence Activities (SSC) have developed no hard evidence to indicate a copy of a tape recording of the events at the Willard Hotel was mailed to Mrs. King as alleged in the plaintiff's complaint.

(2) Recollections of SA Lish Whitson Regarding a Package He Mailed

During interviews by SSC staff member Michael Epstein, retired FBI Special Agent (SA) Lish Whitson furnished the information reflected in Exhibit D, attached.

(3) Recollections of SA [redacted] Concerning b7(c)  
Preparation of a Package by Former Assistant Director  
William C. Sullivan

SA [redacted] recalled an incident in which he furnished an address for King's home in Atlanta, b7(c) to then Assistant Director William C. Sullivan. See attached Exhibit B-1.

**(4) Items Discovered In Office Of Former Assistant Director  
Sullivan**

At a time subsequent to the departure from the FBI by former Assistant Director Sullivan, an inventory was made of materials which remained in his office. Among other items discovered was an original of an undated typewritten letter addressed to "King". A memorandum concerning that letter and other materials found in Mr. Sullivan's office is attached as Exhibit B-2. It is noted that the tapes referred to in this Exhibit were reviewed by SA W. D. Campbell and contained no reference to King, Lee or the SCLC. The memorandum makes reference to three tape recordings found in Mr. Sullivan's cabinet. When a review was made of those tapes on January 27, 1975, a log was made which contained a synopsis of the items on the tapes and that log reflects no reference to Martin Luther King, Jr., the SCLC or Bernard S. Lee.

The FBI attempted in November, 1975, to locate fingerprints of Sullivan on the letter to "King" with negative results. The FBI Laboratory compared the type on the letter with known specimens of typewriters at the Bureau, available to Sullivan, with negative results. It is noted this letter is an original and neither it nor any copies of it ever formed a part of an official FBI file. The results of the above two examinations are contained in Exhibit B-3, attached.

**DISSEMINATION OF INFORMATION CONCERNING KING AND PLAINTIFF'S KNOWLEDGE OF THE FBI'S INTERCEPTION OF PLAINTIFF'S COMMUNICATION**

Paragraph 5 in plaintiff's original complaint alleges plaintiff's recent awareness of the existence of a tape and alleges that the tape has been exposed to individuals outside of the Executive Branch of the Government. A review of investigative files relating to King has produced no positive evidence which would indicate that a tape of the events at the Willard Hotel has ever been played to anyone or heard by anyone outside the FBI, with the exception of J. Stanley Pottinger, Assistant Attorney General, Civil Rights Division,

Department of Justice. Mr. Pottinger, on authority of the Attorney General, listened to one tape from the Willard Hotel electronic surveillance of King. This tape and a number of transcripts were reviewed by Mr. Pottinger on December 19, 1975.

AUTHORITY FOR INTERCEPTION OF COMMUNICATIONS

Paragraph 6 of the complaint by Lee alleges that the defendants caused oral communications of Lee and his conferrers to be surreptitiously intercepted and recorded by a hidden electronic listening device without warrant or other authorization.

The following is set forth regarding electronic surveillance coverage afforded Martin Luther King, Jr., and the SCLC (noting as set forth above, Lee was never the subject of active investigations or the primary target of ).

electronic surveillance of any type): In 1963 Bureau investigations of Martin Luther King, Jr., and the SCLC established a close association between King and Stanley David Levison, a concealed member of the Communist Party, U.S.A. (CPUSA), and Clarence Benjamin Jones, an attorney with CPUSA connections. Prior to October, 1963, the Attorney General had approved telephone or microphone surveillance in New York City covering Levison, Jones and the Gandhi Society for Human Rights, an organization with which Jones served as General Counsel, which was formed to lend support to King.

(Secret) C80

By letter dated October 18, 1963, to the Attorney General, the FBI requested authority to place technical (telephone) surveillances on the headquarters of the SCLC, 330 Auburn Avenue, Northeast, Atlanta, Georgia, or any future address to which it might move. The Attorney General approved this coverage on the SCLC office in Atlanta on October 21, 1963. A copy of this request with the Attorney General's approval indicated thereon is attached as Exhibit C.

In order to intensify coverage of King, the FBI by letter to the Attorney General dated October 7, 1963, requested authority to place a technical or telephone surveillance on King at his then current residence or any future address to which he might move. In the same letter it was requested that authority be given to place a technical surveillance at the SCLC office, 312 West 125th Street, New York City, or at any other address to which it might move.

Attorney General Robert F. Kennedy approved the above requests for technical surveillance on King at the SCLC office in New York City on October 10, 1963. See Exhibit D, attached.

#### ELECTRONIC COVERAGE OF THE SCLC

On October 24, 1963, a technical or telephone surveillance was installed on the SCLC office in New York City. This installation was terminated January 24, 1964, because the coverage developed no information of value and because the SCLC in New York City had no director. Technical surveillance of SCLC in New York City was reinstated July 13, 1964, at

Room 1202, 15 East 40th Street. This was the address of the Ghandi Society for Human Rights and SCLC was assigned Room 1202 of this address. This installation terminated July 31, 1964, when the SCLC moved to a new address. The New York Office felt continued technical surveillance would be unproductive and in August, 1964, recommended no continued coverage of the SCLC.

Technical surveillance of the SCLC office at 330 Auburn Avenue, Northeast, Atlanta, Georgia, was installed on November 8, 1963. It was discontinued June 21, 1966, on instructions of Attorney General Nicholas deB. Katzenbach, who on the memorandum noted, "I think this coverage should be discontinued particularly in light of possible charges of a criminal nature against Hosea Williams and possibly others." (Car theft case)

A review of logical files and indices at FBIHQ revealed that no microphone surveillance of the SCLC occurred.

ELECTRONIC COVERAGE OF KING

(1) Claridge Hotel, Atlantic City, New Jersey

Telephone surveillance was in effect against Martin Luther King, Jr., at the Claridge Hotel, Atlantic City, New Jersey, during August 22-27, 1964. Prior to King's arrival in Atlantic City, coverage was installed in Rooms 1902 and 1923 since these two rooms had been set aside for use by King. Upon arrival, King checked into Room 1923 and his associate, Lee, into Room 1902.

Although Lee was not intended to be the actual target of the telephonic surveillance, a card to this effect was prepared at FBIHQ because of his occupancy of Room 1902. This card is filed in the National Security Electronic Surveillance file which is a listing of individuals who have been subjects of electronic surveillance by the FBI. No separate authority for this coverage in Room 1902 on Lee was obtained. Authority utilized was that obtained from the Attorney General to cover King's residence and any residence to which he might move. *CJS*

Bernard S. Lee v. Clarence M. Kelley, et al.  
(U.S.D.C., D.C.) Civil Action No. 76-1185

In 1975, following adverse publicity, our Inspection Division initiated a review of FBI actions and coverage at the Democratic National Convention, held during August, 1964, in Atlantic City. During this review it was determined that the only electronic surveillance at Atlantic City involved telephone surveillance on King at the Claridge Hotel and a microphone surveillance at the joint headquarters of the Student Nonviolent Coordinating Committee and the Congress of Racial Equality. All telephone surveillance logs maintained in the Newark Office on coverage of King were forwarded to FBIHQ for review by the Inspection Division.

These 78 pages of overhears were recently reviewed and copies of those pages containing overhears of Bernard S. Lee, B.L. and other variations of Lee's name are attached as Exhibit E.

The only known dissemination of information obtained from above electronic surveillance was through memoranda prepared by C. D. DeLoach to Walter Jenkins, aide to President Johnson. These memoranda were reviewed and the only information disseminated concerning Lee is found on page 3 of DeLoach memorandum dated August 25, 1964, (attached as Exhibit E-1.)

In response to FBIHQ inquiry in captioned lawsuits, the Newark Office of the FBI submitted teletype dated August 10, 1976, explaining coverage of King in Atlantic City, and noting Lee overhears. A copy of this teletype is attached as Exhibit E-2.

Actual overhears of Lee occurred on King microphone surveillances at the following locations which have been designated above by an asterisk:

(U.S.D.C., D.C.) Civil Action No. 76-1185

(a) Willard Hotel, Washington, D. C.

Microphone surveillance of King was effected at the Willard Hotel, Washington, D. C., during January 5-7, 1964. See Exhibit A for authorization of surveillance.

Transcripts of this microphone surveillance were reviewed for overhears of Lee. Documents attached in Exhibit F represent only instances wherein Lee was definitely identified. It is noted that throughout the transcripts there are many references to conversations involving unidentified males, which could possibly be Lee. However, there appears no feasible way to determine if any additional overhears of Lee were obtained.

With respect to dissemination of information obtained from the microphone surveillance at the Willard Hotel, Sullivan to Belmont memorandum January 13, 1964, captioned, "Communist Party, U.S.A. - Negro Question, Communist Influence in Racial Matters, Internal Security - Communist," recommended that a memorandum containing surveillance results be furnished to the Attorney General and Mr. Jenkins. Mr. Hoover noted that a copy need not be given the Attorney General but approved dissemination to Jenkins. This memorandum contains a notation, "Handled January 14, 1964 - with Jenkins and the President," and initialed by DeLoach. - (See Exhibit F-1) It is noted that in March, 1964, information obtained during surveillance at the Willard was disseminated to the Department of Justice. However, information disseminated contained no reference to Lee.

It is noted that the March, 1964, memorandum contained no overhears involving Lee directly. However, the initial paragraph identified Lee as an official of the Southern Christian Leadership Conference, who checked into the Willard Hotel on the evening of January 5, 1964.

(b) Statler Hotel, Detroit, Michigan

This surveillance was conducted March 19-20, 1964, in Rooms 1270 and 1272 of the Statler Hotel, Detroit, Michigan. Authorization is shown in attached Exhibit G.

(U.S.D.C., D.C.) Civil Action No. 76-1185

A letter apparently forwarded to former Assistant Director W. C. Sullivan dated April 1, 1964, from Jack Callaghan of the Detroit Office, enclosed the original information secured as a result of this surveillance. Transcripts of this coverage were reviewed and pages which contain overhears of Lee, who accompanied King during this Detroit visit, appear in Exhibit G-1.

With respect to dissemination of information obtained from coverage in Detroit, the attached Baumgardner to Sullivan memorandum dated April 13, 1964, enclosed memorandum containing results of the surveillance for information of the Director. The memorandum of April 13, 1964, noted that information concerning King [REDACTED]

[REDACTED] and that no dissemination of that type information was necessary. However, since the Detroit coverage gathered information indicating King was to go on a hunger strike, information to that effect was furnished Mr. Jenkins and Assistant Attorney General Burke Marshall, Civil Rights Division. There was no indication that overhears of Lee were disseminated. Copies of these documents regarding dissemination are attached as Exhibit G-2. b7

(c) Park Sheraton Hotel, New York City

This coverage was in effect against King during January 8-11, 1965, at the Park Sheraton Hotel, New York City, in Rooms 2541 and 2543. Andrew Young and Bernard Lee occupied Room 2541. See Exhibit R for authorization.

No tapes or transcripts reporting results of this surveillance were provided FBIHQ. However, New York reported results in two teletypes dated January 9, 1965, and January 10, 1965, both captioned, "Martin Luther King, Jr." At FBIHQ this information was incorporated into Baumgardner's memorandum to Sullivan dated January 10, 1965. In this memorandum, it was indicated that dissemination of information from this microphone coverage was not contemplated. Therefore, the only dissemination regarding results of this coverage was made inside the FBI. Copies of these communications are attached as Exhibit R-1.

(d) Americana Hotel, New York City.

This coverage against King was instituted on January 22, 1966, at the Americana Hotel, New York City, as King and his party had reserved Rooms 3435, 3436 and 3437. Approval for this installation was granted by W. C. Sullivan, but Associate Director Clyde Tolson disapproved and noted on Sullivan's memorandum to remove the surveillance at once. (See Exhibit I) However, file shows three memoranda which contain results of the coverage. Effort to locate communications transmitting these memoranda to FBIHQ was negative. Only one of these three memoranda contained overhears on Lee. Copies of the Sullivan memorandum and the memoranda containing Lee overhears are attached as Exhibit I-1.

There is no known dissemination outside the FBI of information contained in the results of this surveillance, except during 1968 when data regarding King was compiled at the request of President Johnson.

It is noted that authorizations for microphone surveillances were not signed by the Attorney General, but were approved by certain FBI officials acting on authority delegated to them by the Attorney General. With respect to microphone surveillance of King, Attorney General Katzenbach was advised, after the fact, of microphone surveillances initiated on May 12, 1965, October 14, 1965, and November 29, 1965. Copies of memoranda reflecting these three notifications are attached as Exhibit J.

It should also be noted that microphone surveillance was authorized against King at the Sheraton Park Hotel March 29-31, 1965. Lee was to accompany King on this trip. However, neither King nor Lee occupied those rooms during this period, having registered at a different location in New York City.

In 1968, President Lyndon B. Johnson requested all information concerning King in possession of the FBI. In response, copies of all FBI communications previously furnished the White House were consolidated into six volumes entitled "Communications Concerning Martin Luther King, Jr."

This file, 100-56121, is an administrative file to handle inquiries re MARTIN LUTHER KING. No investigation has been conducted in this file.

It is pointed out that some of these serials contain handwritten reports of informants. At least one is an active informant. CP members would surely recognize the handwriting of this informant and probably the handwriting of others.

If there is any question of the possibility of the release of handwritten informant reports to outsiders, Philadelphia would strenuously object to this as identifying past or present informants. Philadelphia would rather transcribe these reports, which would reduce some of the obvious problems.

(10) Serials 1 through 119, inclusive, Savannah file 100-5131, one 1-A exhibit envelope.

(11) Serials 1 through 326, inclusive, Savannah file 100-5027, with 17 1-A exhibits, (except for Serial 77 and 1-A exhibit #15, which are missing).

After a search of MARTIN LUTHER KING, JR., SM-C, Bufile 100-106670, Savannah showed following main files:

100-5056  
157-586  
166-23  
157-692  
157-1334  
44-1768  
157-1417  
100-5591

For information of Bureau, all files have been enclosed, except 44-1768, which is MURKIN file, and was previously furnished, and 100-5591, which is the control file relating to this project. It is noted there were other references to other files noted on Savannah's search slip under this caption.

After searching COMMUNIST INFILTRATION OF SOUTHERN CHRISTIAN LEADERSHIP CONFERENCE, IS - C, Bufile 100-438794, Savannah found one main file 5027, and no references. For information of FBIHQ, item #15 in 1-A section of this volume is missing and unaccounted for. 1-A section envelope indicated item #15 was photographs of SCLC convention [REDACTED]

[REDACTED] Also Serial 77 of this file is missing, but it appears there was an error in serialization, as Serial 78 is cover communication to Serial 76. Inasmuch as it appears highly unlikely there would have been another document in between these two which logically go together, it is believed an error of serialization has taken place.

**SV 100-5591**

After searching COMMUNIST INFLUENCE IN RACIAL MATTERS (CIRM), Bufile 100-442529, Savannah found one main file 100-5131, and one other reference.

After searching CPUSA - NEGRO QUESTION, Bufile 100-3-116, Savannah found two main files 100-4066, wherein there was only one serial, number 45, appearing after the cut-off date, January 1960. The other main file was 100-5077. There also were two references.

After searching STANLEY DAVID LEVISON, SM-C, Bufile 100-392452, Savannah found no main files, but only nine references.

Located in the P&C Savannah file 66-634, were 14 serials relating to CIRM which are enclosed.

Director Sec'y ....

I have been asked by Michael Shaheen, Counsel on Professional Responsibility, to authorize the disclosure of the FBI's file on Stanley Levison and the files on five informants employed by the FBI in Memphis, Tennessee, during that city's Sanitation Workers' strike in 1968. I will authorize this disclosure on the following conditions, which I understand are acceptable to Mr. Shaheen: first, that the names of informants may be excised from the Levison file; second, that no interviews of FBI informants be undertaken by attorneys in the Task Force without my written approval.

MEMORANDUM FOR THE ATTORNEY GENERAL

Re: Informant Files Pertinent to the  
Martin Luther King, Jr., Investigation  
Review.

Our Martin Luther King, Jr., Review Task Force has requested the informant files on five informants employed by the F.B.I. in Memphis, Tennessee, during that city's Sanitation Worker's strike in 1968. The Task Force has explained to their Bureau liaison that the violence attendant on that strike brought Dr. King to Memphis and coincidentally to his death. The review staff feels it must know the identity of the informants to determine whether or not they played any provocative role. I think this is correct.

The Task Force says they will have to call for other informant files as the review proceeds. They do not contemplate contacting or interviewing any informants unless something startling develops. In that case further discussion with the Bureau is envisioned and no such inquiries of the  
will take place without your approval.

Your approval is solicited for me to instruct the Bureau to make pertinent informant files available to the Martin Luther King, Jr., Review Task Force on an informal verbal showing of the basis for each request subject to the above condition concerning contacts or interviews. (the five)

consisting of one reference in NFfile 100-4843-144. (Norfolk  
does not have a main file on STANLEY DAVID LEVISON.)

In Norfolk teletype, dated 12/11/75, reporting on  
COMINFIL of SCLC, NFfile 157-147, under (D), it was reported  
that Norfolk has 12 volumes covering the period from  
May, 1963, until January (illegible). This teletype was in  
error, because Norfolk has only two volumes, consisting of  
195 serials from May, 1963, to January, 1970.

It is to be noted that Volume II of NFfile 157-147  
(COMINFIL, SCLC) has serials 162 through 164 missing, which  
was possibly an error in serialization or the serials were  
misfiled in another file. The period of this skip is May,  
1969 until June, 1969.

This completes the project in the Norfolk Office.

Norfolk has no photographs, exhibits, or other  
items in these files other than those enclosed.

It is my understanding that the Office of Professional Responsibility has advised the FBI that excisions made in documents to be given to the estate of Dr. Martin Luther King, Jr., need not be identical to the excisions made in the documents given to the Senate Select Committee. The FBI has been told that in some instances additional excisions will be necessary and in other instances fewer deletions should be made.

This is to confirm the instructions given to the Bureau by the Office of Professional Responsibility concerning the types of deletions to be made in the documents given to the King estate. The FBI should excise from the documents classified information, administrative markings of the Bureau, materials which would tend to identify confidential sources or violate the privacy rights of third persons, and materials which quote from or clearly embody the product of electronic surveillance. The Bureau need not excise FBI characterizations of Dr. King which are not the direct product of electronic surveillance, even though such characterizations of Dr. King were deleted from the materials given to the Senate Select Committee.
